Garrett Knebel - 219-508-2657

- When the hair fell and the clippers hit the table, all my Dad and I could say was, "Wow... why are we selling her?!" Not only is Delia 201 big ribbed, perfect structurally, and stunning from the side, but she embodies those alien words that have seemed to take a back seat in the Angus breed: LENGTH and GROWTH. Genetically, not only is she the first Prodigy calf to be

offered at public auction, but her pathfinder grandmother also happens to be the most influential cow at the globally renowned Oneill Angus in Iowa, going back to every breed leading bull they've produced. Something else that's been surprising is the disposition of Prodigy's first calf crop. There wasn't a single calf we couldn't put our hands on in the pasture, and Delia 201 certainly was no exception. Since the halter wrapped her head, this heifer has been nothing but a complete sweetheart; and if by chance Delia 201 never wins her class, she's sure to give her new, young showman the absolute best chance in showmanship. Ladies and Gentlemen, don't miss out on one of the most versatile females ever offered in the HBC Sale.
